

Benefiet Frog Garden :)

Red What everybody can do
Green important to discuss next meeting

* Multiple reasons for a benefiet:

1. To gather money for the frog garden (the part thats already bought)
2. To relief the part that Johan offered to buy the rest of the land
(we will know more about the buying part more later)

When we do the benefiet we need to make clear to the people why they're donating and give a description about the place:

Everybody that feels like can write a part down about how they see the frog

We gather this on a google cloud and Ali/Myriam make a solid text for it

If there are nice pictures of the place they can also be posted in this cloud

* Ways to collect donations:

1. Online description/fundraising

Ali will do the research about the account

We can use the description and the pics from the cloud

2. Big event in the city

This will be planned in october because we need time to find the location,
soundsystem, bands, dj's will

Income (entree fee) on scale so that everybody can choose what they can spend

Who wants to be in the group for organising this event

and when do we plan a (seperate?) meeting?

Janneke, Yorn, Vasilli, Véronique, Ali,? (sorry I don't remember :))

3. Cozy event at the frog garden **DATE: 17-18 September 2022**

A. From now on till the event there will be a meeting every Sunday

B. Important to have good promotion

- ◆ A good flyer (Myriama/Ali?)
Time table?
- ◆ A friend of Ali can make a video and Ali will make nice pictures
- ◆ Make personal invitations
- ◆ Spread the word mouth to mouth
- ◆ Internet: Facebook / Whatsapp /
- ◆ Communicate it to the people of the rainbow gatherings
- ◆ Organise workshops in the city
to inform people that are not yet connected to the place
- ◆ Who / When / What / Where

C. The events in the frog garden will be donation based

- ◆ Important to make it clear there can be donated
- ◆ Everybody that organises something is responsible to gather the donations
- ◆ If people want to join and cannot donate they can also help as a donation
- ◆ Find a system for the donations
